

A pleasant stroll along the Yarrow Water to Newark Tower before returning to Bowhill House

Start & Finish: Parking area behind Bowhill House, Grid Reference NT425278

1. From the parking area, walk back along the road past the entry kiosk. About 500yds further on, take the left hand fork which quickly joins another tarmac road around a triangle of trees. At this point, cross the road onto a woodland path lined by lime trees.

2. Follow the path along the banks of the Yarrow Water, keeping the river on your right. The path opens up as it gets towards Newark Tower, with a grass field on your left. You will see some houses in the distance. The path takes you round the back of these buildings with a short climb to join the tarmac road just near the tower.

3. Turn left and continue back along this road, forking right at the triangle junction back towards the main drive to Bowhill and the parking area.
